SECRET CELLAR WINES

2020 Domaine Bitouzet Prieur, Meursault, Les Corbins

115

One of the first Burgundy domaines to bottle their own wines, Domaine Bitouzet-Prieur was born of the marriage of Vincent Bitouzet of Volnay and Ann Prieur of Meursault. Today, this family domaine is run by François Bitouzet who has recently moved to an impressive new cuverie just outside Meursault.

The 2020 Meursault Les Corbins, matured in 20% new oak, has a well-defined and quite focused bouquet with touches of white flower. The palate is well balanced with a fine bead of acidity, smooth and quite harmonious with grapefruit and peach skin towards the finish.

Expect great things!

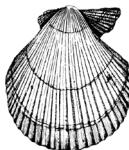

2016 Domaine Henri Gouges, Nuits-Saint-Georges
Premier Cru, Les Pruliers

148

For nearly a century, generations take turn to defend and highlight the wines of Nuits Saint Georges. They were once named Henri Gouges, then Michel and Marcel; who were then replaced by Pierre and Christian, and now Grégory and Antoine. Experts of the Pinot Noir, our estate exploits 14 hectares of vines, exclusively in Nuits St Georges. The fair, straight, intense, steady, and vertical wines that we provide are what made the reputation of our estate.

Offering up aromas of raspberries, cassis, dark chocolate, rich soil tones and cedar new oak, the wine is medium to full-bodied, dense and concentrated, with bright acids and an imposing chassis of rich, chewy tannin.

SECRET CELLAR WINES

2011 Dal Forno Romano, Valpolicella, Superiore

160

Romano Dal Forno is a local legend. “The rest of us take vacations, occasionally play a round of golf in the afternoons,” said a major Veneto- wine producer, ‘But not Dal Forno. He works every day. He not only knows every bunch in his vineyards - he knows every grape!’

Romano Dal Forno only established his estate in the 1980s but in Nicolas Belfrage’s words “has climbed to the maximum heights which Valpolicella, Classico or otherwise, is capable of attending.” Romano is the undisputed leader of the new wave in Verona’s winemaking although his small estate is to be found outside the so-called Zona Classica for Valpolicella, at Illasi. From 8 hectares of vineyard this vigneron-winemaker gets the best out of the Corvinna and Rondinella varieties with small yields and rigorous selection during the harvesting.

The 2011 Valpolicella Superiore hails from the famed Monte Lodoletta cru and immediately struts its stuff: It opens to huge intensity, an inky appearance and tight tannic astringency. Great care is taken to transform each berry of fruit into this dense, syrupy wine that is redolent of bitter chocolate, dried fruit, blackberry preserves, baking spice and toasted herbs. The oak tannins dry every last drop of moisture from your mouth. The blend is 70% Covina and Corvinone, 20% Rondinella, 5% Oseleta and 5% Croatina aged 36 months in barrique. This wine has a long, long way to go. Don’t even think of popping the cork for five years or more. Drink 2020-2035. The wines of Romano Dal Forno are always a highlight of my annual tasting calendar. In many regards, these radically unique wines put the wine critic to the test, not the other way around. I approach the evaluation with a certain level of apprehension and am willing to bet that many of my wine-writing colleagues experience similar emotions.

Dal Forno’s wines throw so much at you at once, in machine-gun rapid-fire succession, you need extra time to recover from the whiplash, gather your thoughts and assess them correctly. They are nearly impossible to taste blind because the enormity of the sensorial characteristics, the stratospheric intensity and the utterly impenetrable appearance are dead giveaways. These wines shout their true identities at ear-piercing decibels. Tasted too young, they are not even likeable. The exaggerated extraction and astringency make them unapproachable for years.

Amazingly, beyond the cacophony is melody.

2012 Fontodi, Flaccianello delle Pieve,
Colli della Toscana Centrale IGT

160

Fontodi is a certified organic estate which extends over 130 hectares of which about 70 are planted with vines. The type of agriculture practised is inspired by the principles of respect of nature and sustainability. Not only are no chemical products used but there is an effort to maximize the internal resources of the estate, thereby reducing the need for any external input. Respecting the environment means wines that are better, purer, and a truer expression of the grape and the territory. This vintage saw a cool spring that got the season off to a late start. Mild summer temperatures meant that the harvest also came later, with fruit picked the first week of October.

The natural characteristics of this vintage include higher total acidity, increased tannic structure and slightly lower alcohol content. The 2012 Flaccianello hits the trifecta of positive potential aging attributes. 100% Sangiovese- one of the original Super-Tuscan icons!
